

Customer Authorization and Acceptance of terms for expanded Calling:

I _____ with _____ hereinafter referred to as “Customer” authorize Central Broadband and its subsidiary CS Technologies or Central Scott Telephone to enable complete ()”011” International and/or () “900” calling.

Central Broadband and its subsidiary CS Technologies or Central Scott Telephone are an Equal Access Provider. All our customers have the ability to change their Long-Distance provider at any time to any Long-Distance provider other than CST Communications who provides Long Distance services to Central Broadband and its subsidiary CS Technologies or Central Scott Telephone for its customers. This ability to change exists separately yet within any term agreement for Local Phone or Internet Services with Central Broadband or its subsidiary CS Technologies or Central Scott Telephone.

Regardless of Customer’s Long-Distance Provider Central Broadband and its subsidiary CS Technologies or Central Scott Telephone limits by default calling area to Domestic Long Distance, Canada, and US Virgin Islands.

In an effort to curtail fraudulent and unauthorized activity Central Broadband and its subsidiary CS Technologies or Central Scott Telephone will block all International “011” and “900” calls regardless of Long Distance Provider unless the customer Authorizes and Accepts full responsibility for All calls originating on their phone equipment, CPE, Electronic Key, PBX, or VoIP phone systems.

By signing below and initial choices above Customer accepts responsibility to pay for all International “011” and/or “900” charges generated to Customer by their Long-Distance provider of choice.
